

# EcoE Pals.

## Go for it!

Did you know that you can tell the President, the Vice President, your Senator, your Congressional Representative, and other leaders how you feel about Environmental issues. Maybe you would like to explain your ideas to your mayor or city council member. You can do it!! If you want them to know that the Earth needs protecting --- tell them! Always be polite!

I want to tell the President that bugs are important!

### E-mail the President and Vice President

[comments@whitehouse.gov](mailto:comments@whitehouse.gov)

[vicepresident@whitehouse.gov](mailto:vicepresident@whitehouse.gov)

To find the emails for the members of congress go to

<http://www.congress.org/congressorg/directory/congdir.tt>

Be sure you know your zip code.

Also there is a spot on the same page for you to find your state and local email addresses at this site.

## Here's What you Say!

Make a list of the important things about Earth-saving that you want to email to your governmental leaders. Tell them you are concerned about the health of the land, air, water, and all living creatures. Always be polite. Don't forget to **E-mail KSE** a copy of your letter.
